PRESENTATION OUTLINE

1. Introduction
2. Good Green Deeds Implementation Approach
3. Provincial Progress (Selected)
 - Mangaung Metro Municipality
 - Lejweleputswa District Municipality
 - Xhariep District Municipality
4. Challenges and Recommendations
5. Conclusion

1. INTRODUCTION

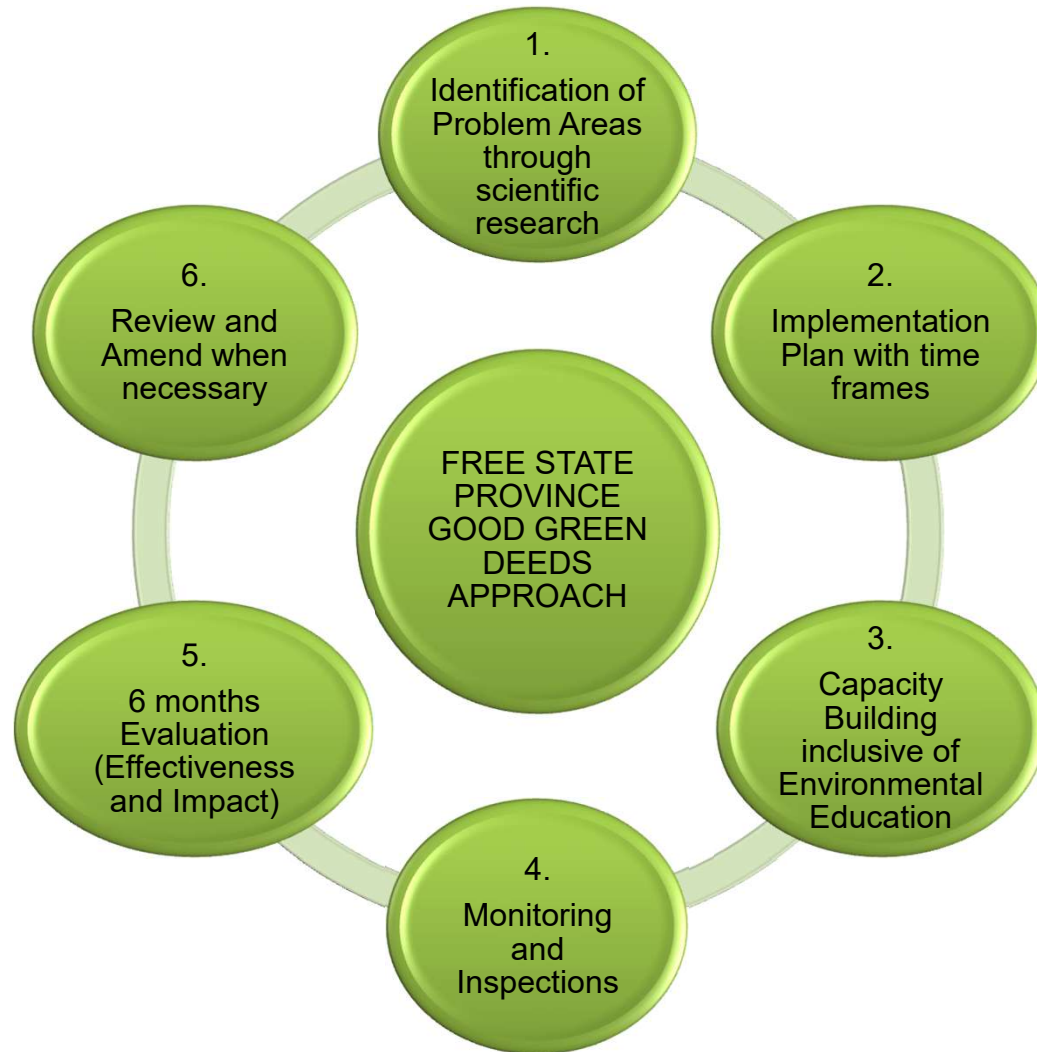

- FS Population 2,7 million
- FS shares boundaries with the country Lesotho as well as provincial boundaries with the North West, Gauteng, Mpumalanga, Eastern Cape, Northern Province and Kwazulu Natal provinces
- 4 District Municipalities (Fezile Dabi, Lejweleputswa, Thabo Mofutsanyana and Xhariep) and 1 Metro (Mangaung)
- FS Launched Operation Rea Hlasela Kaho Hloekisa 28 August 2017
 - ✓ 2017/18 Created 1020 Job Opportunities
 - ✓ 2018/19 Created 1253 Job Opportunities
 - ✓ 2019/20 (800 Job Opportunities intended to be created)
- GDD was launched by Hon. Premier Ms. Sefora Ntombela 08th March 2019 in Mantsopa Local Municipality (Ladybrand)
- Aim of Good Green Deeds (GDD)
 - ✓ Encouraging all citizens to play their role in creating a cleaner and safer environment
 - ✓ Promotion of use of natural resources in a sustainable manner
 - ✓ GDD to mobilise all citizens (waste management)
 - ✓ Promote environmental practises that take into consideration sustainable living practises
 - ✓ Keeping public spaces clean and tidy
- Clean-Up Campaign and Mother & Son Company beneficiaries of R70 000.00 and Bailing Machine (60% women and 40% males, 55% youth company) 08th March 2019

Jagersfontein		Cleaning & Greening	10 October 2019	Awaiting MOU FSGLTA	Awaiting C&G

4. CHALLENGES AND RECOMMENDATIONS

Compliance and Enforcement

- **Most Municipalities not complaint with law and legislation (landfill sites) and illegal dumping sites**
- **Seek assistance for funding from National and Partner with various stakeholders in parallel with applying law enforcement (Operation Green Muzzle)**
- **Intensify environmental education to communities via media and workshops**

EPWP (Environment & Culture Sector)

- **Participants not wanting to exit the program at the end of term irrespective of the contract and its conditions plus induction**
- **Continue to teach EPWP participants about the EPWP concept and re-emphasising during recruitment on the nature and timeframes of EPWP, have more sustainable projects like Enviro-mobi and instil the culture of Business in Waste management fraternity**

5. CONCLUSION

- On a scale 1-5 (effectiveness, implementation and responding to waste issues on time), FS is on 3
- Focused are research (province) to be conducted to have a sustainable solution to the waste management issues 2020/21
- Environmental capacity building to our communities
- Environmental education – more on waste projects
- Formulation of waste management cooperatives within FS
- Partnering with private sectors
- Strengthening relations more with local municipalities
- Capacitating municipalities with personnel through National (WESSA Programme, etc.)
- Engage more with DEFF w.r.t. various funding
- Assisting municipalities with Yellow Fleet
- Establish and incentive model for supporting SMMEs in Waste Management
- Trip to another province, Rwanda (Benchmarking) with National or just Province
- Continue with Environmental Management Awards with Prizes
