Dear Sir

**DC28/WML/0004/2010/AMND/2016: RENEWAL OF WASTE MANAGEMENT LICENCE FOR UMFOLOZI SUGAR MILL TEMPORARY WASTE SETTLING FACILITY**

The waste management licence for the abovementioned waste management activity dated **23 June 2011** and your application for renewal of this waste management licence in terms of the provisions of section 55 of the National Environmental Management: Waste Act, 2008 (Act No. 59 of 2008) ("Waste Act"), dated 23/03/2016 refers.

The KwaZulu-Natal Department of Economic Development, Tourism and Environmental Affairs has in terms of section 49(1) of the Waste Act decided to grant the application for renewal of your waste management licence. This Department hereby issues an addendum to your waste management Licence No: DC28/WML/0004/2010 as follow:

- This licence is valid for operation for a period of **fifteen (15) years** from the date of issue of this addendum.
- The licence holder must ensure that waste information is registered on the national waste information system and reported monthly as per the requirements of the regulations. <http://sawic.environment.gov.za>
- The licence holder must also ensure that the mixture of Ash and Filter cake disposed on site is assessed and classified every **five (5) years**, either according to the Waste Classification and Management Regulations 2013 or The South African Water Quality Guidelines for Irrigation purposes.
- External audits on site must be done annually and reports submitted to the department within 30 days.

The reasons for this decision are as follows:

- This Department considers the renewal non-substantive and does not expect that it will adversely affect the environment or the rights or interests of other parties.
- The department considers the requested application to be in line with compliance to the environmental legislation.

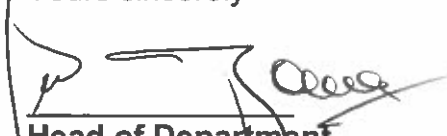

In terms of subregulation 4(2) of the EIA Regulations, 2014, you are instructed to ensure that all registered interested and affected parties are provided with access to the decision and the reasons for such decision, within **14 days of the date of this decision**. You must also ensure that registered interested and affected parties are aware that an appeal may be lodged in terms of the National Appeal Regulations, 2014.

Should you wish to appeal this decision, you must submit an appeal to the KwaZulu-Natal MEC for Economic Development, Tourism and Environmental Affairs, for the attention of Mr. Haresh Inderlall, the Appeal Administrator, within **20 days of the date of notification of this decision** by post, fax, e-mail or hand-delivered to the following address:

POSTAL/ FAX/ E-MAIL:	PHYSICAL:
Private Bag X9059 Pietermaritzburg 3209 Tel: 033 343 8013 Fax: 033 355 9593 E-Mail: haresh.inderlall@kzndae.gov.za	Environmental Management Cedara Agricultural College

A copy of the appeal must also be submitted to any registered interested and affected party and any organ of state with interest in the matter. An appeal must be submitted in writing on the form obtainable from the Appeal Administrator, and accompanied by a statement setting out the grounds of appeal, supporting documentation, and a statement confirming that a copy of the appeal was provided to the parties referred to above.

Yours sincerely

  
**Head of Department**
